How to join the ERASMUS Language Café?

Every week we meet in different cafes to practise the Portuguese language, discuss cultural diversity, discover new places and meet people from all over Europe. Each time we are going to play three or four funny games. There will be a topic (i.e. national cuisine, music, hobbies) based on the wishes of the participants, as well.

Simply show up at the time and place advertised. Don't worry about making mistakes in Portuguese language - everyone will be at different levels. Most of international students are beginners. It is also OK to just listen, because the main aim for everybody is to have a forum to practice language in a funny and unthreatening environment.

If you want to propose your ideas to improve that project or just to keep in touch with Erasmus Language Café activities send your name and contact details to the main café coordinator:
